A step back in tyme for good old fashioned service

The Historic Hotel Grill was opened in 1895 by a local entrepreneur John Felder, Sr. under the name Hotel Felder. During that time the building housed 37 hotel rooms and a bar. In the late 1890's Washington Blvd. (known as West Jefferson) was a regular stage-coach stop and later, a stop for one of the first street cars.

Over the years it has been also named the Trenton Hotel, The Grand and lastly the Hotel Grill. The Taylor Family, recently purchased the facility. With years of food and beverage background they hope you will make banquets and dining at the Hotel Grill your family tradition for years to come.
